

## 30 years of motorhome freedom!

The France Passion Stopover Guide and App are arriving in March... For the cost of one or two nights at a campsite, this essential travel guide offers access to more than 2,100 stopovers across all of France's regions, with 1,000 farmers, 800 winegrowers and 300 farmhouses inns and craftspeople.

Another 240 new stopovers, patiently sought out by France Passion to discover in your motorhome!

### The spirit of sharing

This network promotes the **discovery of an open and passionate agricultural and rural community**, in the spirit of sharing: the best of our regions at authentic, warm and gourmet stopovers! By buying from our hosts with short supply chains, motorhomers **show their solidarity** with the rural community, which is particularly appreciated by those who welcome them.

### France Passion App: v2 is on its way!

Since the summer of 2020, France Passion members have been raving about the App and its GPS function, the essential complement to the Guide! **A new version will be launched in 2022:** landscape mode, map favourites, host news, keyword search, and more. These innovative features will help motorhomers to plan their itineraries with even more pleasure and precision.

### Photo contest "freedom in a motorhome"

To celebrate its 30<sup>th</sup> anniversary, France Passion is organising a major photo contest: **Submit your best photo of a France Passion stopover!**
